Cape Cod, as a gigantic sandbar dropped by the glacier, is a location beset by dramatic and swift changes. One storm can rip down yards of dune. These photos of Chatham show the continuing effect of the tear in the Chatham bar opposite the Coast Guard station and lighthouse (visible top center in the top photo on the cover). This photo was taken nearly in the center of what was Chatham Bay. The sand traveling in from the bar has made it possible to walk out at low tide halfway to the bar which is rapidly being eroded away with an ever

wider gap. All this sand that once formed the bar is traveling in on the tides to end up on the beach below the sand cliff. This beach is ever widening across from the break. The photo below shows a beach as wide as a football field. When the bar was intact, the same spot had a beach only three or four yards wide at this point. The photos on our page two show the incoming sand at top and the resulting new beach below. This is all a continuing process which has gone on and on through the centuries and the drama will continue as long as Cape Cod exists.

Town Beach will Open

MATTAPOISETT SELECTMEN'S MEETING MARCH 6, 1990- by VIRGINIA MORGAN

Selectmen last Tuesday agreed to seek $4,000 from the Finance Committee as a transfer to the Recreation Department to open the Town Beach this summer. The funds from the reserve fund will be used to hire a director and staff to prepare for the summer program under the fiscal 1990 budget so that the program can get underway before the start of the fiscal 1991 budget, July 1.

Recreation Committee Chairman Richard DeTucci met with Selectmen to discuss the tentative budget for fiscal 1991. He was directed to contact a plumber and get the plumbing checked and the water turned on in the beach house. The $4,000. will cover about $1,612 for the director's (John Shockro) salary from April 1 to June 30, as well as for instructors, lifeguards and attendants, plus some expenses.

Because of the budget crunch last year the beach was not opened officially but

Selectmen Chairman Bernard F. Talty said, "When the Enterprise Fund for the waterfront gets on line there should never be any budget reason to close the beach. Fees from the beach will be added to mooring and skiff space fees to maintain the waterfront activities." Chairman Talty commented the Lions' Club has plans to tear down the shade pavilion at the town beach and build a new one.

In other business, Selectmen:

MET WITH Fire Chief Donald C. Wood, Deputy Chief Walter Morgado, Fire Alarm Superintendent Paul Kelley, Firefighter Ronald Scott and Building Inspector Andrew J. Bobola to discuss new information the Board has received on the consideration to seek voter approval to build a new fire station on town-owned land on Route 6 next to the new police station.

It was noted last week by Selectman William F. Hubbard that this land now contains all utilities which will reduce the funds needed for construction of a fire station. The suggestion of the Fire Chief and his associates to add on to the present station was termed by Selectman Hubbard as a stop-gap solution. "It (building a new fire station) will never get any less expensive in future years."

Mr. Hubbard gave the Fire Chief a "very tentative" description of a completed fire station as outlined by Brown and Lindquist, architects for the police station.

Selectman Hubbard said, for a station adequate for Mattapoisett's needs, Phillip Lindquist, architect, estimated a 15,000 square feet building, with four bays of first class construction at a cost of about $100. per square foot.

The Chief said Deputy Chief Morgado drew the preliminary plans that were shown to the architects. Chief Wood commented, "We've had some flack on this new station proposal; some people are saying all department heads should be replaced. We've worked hard to build up this department and we don't want the townspeople angry at us. Personally, we will go the way you want us to go. We don't feel it's the time for it (a new station), but we're willing to take a shot at it." The Chief added, "You knocked us off our pins when you suggested a new building."

Selectman Hubbard explained "you've got a proposal, now call the architect for a conference to detail just what you need. He will give you a tour of other stations the architectural firm has designed."

Chairman Talty noted, "We would be giving you something others have been denied, that is getting a building permit for an addition on Route 6 without the necessary setbacks and frontage."

WERE INFORMED by the Board of Health that its members have signed a three-year contract with Dale Barrows to serve as Agent to the Board. He replaces Donald C. Wood who resigned. The position has been vacant for several months. The contract is effective March 6, 1990.

Health Board Chairman John Bowman said the Agent will supervise the landfill operation and perform percolation tests, as well as other duties as directed by the Board of Health. The contract calls for an eight and a half hour work day at a starting salary of $9.54 per hour under Grade 19-Step E, from March 6 to June 30, 1990. Under the fiscal 1991 salary schedule, Mr. Barrows will go to Grade 25, Step B on July 1, 1990 to $12.47 per hour. The contract is not under the Union, but the wording and policies are similar to the Union contracts; such as the town pays 100 percent cost of uniforms and 21 cents per mile for travel.

Mr. Bowman said a landfill operator is now needed to replace Mr. Barrows. Notices will be placed where town employees will have the first opportunity to apply for the job. If there is no response, ads will be placed in the newspapers. "We will follow Union policies in hiring a replacement."

PROCLAIMED THE WEEK OF MARCH 11-17, 1990 as Vocational Education Week. The theme for the week is "Vocational Education: It Works".

The proclamation reads, in part, "Vocational education supplies our country with a strong, well-trained work force, which enhances productivity in business and industry and protects America's leadership in the international market place. Vocational education stimulates the growth and vitality of Mattapoisett's economy and that of the entire state by preparing workers for the occupations forecast to experience the largest and fastest growth in the next decade. The Mattapoisett Board of Selectmen urge all citizens to become familiar with the services and benefits offered by vocational education."

It was noted by Selectmen that Superintendent/Director John T. Oliveira, who started working at Old Colony Vocational-Technical Regional High School when it was first being planned in 1973, has done an excellent job the past 16 years. Chairman Talty said he was on the original Old Colony School Committee in 1973 and the building is in as good shape as the day it was built and opened in September 1975. He said a good deal of the credit for the condition of the building goes to Selectman Hubbard who has been Plant Supervisor since 1975. Mr. Hubbard was hired in 1974 as Surplus Equipment Coordinator before the school was opened and moved to the supervisor position.

Selectman John DeCosta said he attended New Bedford Vocational School with Mr. Oliveira and that the Superintendent does a great job and is very dedicated, and makes the school work.

HEARD A REPORT from Chairman Talty on the walk of Aucoot Cove and Beach with tri-town officials and concerned citizens which was conducted by members of the SOS (Save our Seas) group.

Mr. Talty said he was very impressed by the thorough job the members did in preparing the tour, with special reference to Bradford A. and Priscilla Hathaway for their expertise and knowledge of the conditions in the cove and beach areas.

Chairman Talty said he realized the Board of Health doesn't have the money for testing. However, he suggested Mr. Hathaway should put an article in the town warrant asking the Board of Health to put aside a percentage of its fees collected for testing and water sampling in the Aucoot Cove section.

PLACED ON HOLD the names of persons interested in serving on the Harbor Advisory Committee. They include Charles T. Kelley, Charles R. Soares, John J. Stratton, and Arthur W. McLean.

AGREED TO PLACE on the May 21 annual town meeting warrant a request from the New Bedford Women's Center for the sum of $2,000 to support the Center's Crisis Project.

INTO FAMILY EYE CARE

What is the difference between sunglasses purchased in retail stores and sunglasses purchased from opticians?

The most important difference between the two is the standards which these glasses must meet. Sunglasses or eyeglasses purchased from an optician have to meet certain standards set by the state and federal government. Glasses purchased in a drug store do not have to meet these standards. Secondly, if a pair of sunglasses purchased at a drug store should break or be lost you would be out the whole pair. On the other hand an optician can provide you with replacement parts for a pair of sunglasses purchased at his office. This would save on replacement costs.

NOTED Selectman DeCosta and Selectmen's Administrator Lois K. Ennis attended the Plymouth County Selectmen's meeting at which a representative of the State Department of Revenue said towns could expect five or ten percent less this year on the Cherry Sheet from last year's figure. The chairman noted this would be about $60,000 less for Mattapoisett.

Letter to Matt. Selectmen

This correspondence is being written to clarify comments printed on page 16 of the March 7th issue of Presto Press. The portion of the article I refer to is: "When asked when the three year appointment policy began, the Chairman said it started in 1987. After research, it has been determined that in December 1986 the Executive Secretary, Carol Adams, was appointed at the Selectmen's Meeting to a three-year contract."

My 17 years in the Selectmen's Office brings with it many fond memories and I feel my departure was most gracious. However, I cannot let the statement, as reported in the Presto, go without taking exception as to my receiving a three-year contract as Executive Secretary.

Up until my resignation, in 1989, I received one year contracts, as allowed by the Town's General By-Laws. (Article II, Section

7). There may be some confusion due to the fact that back in 1986, the then Board of Selectmen did recommend that I receive a three-year contract, but the necessary Article to amend the By-Law was never placed on the Town Meeting Warrant. Subsequently, from 1986 until my departure, the term of Executive Secretary remained as a one-year contract.

I am not writing to become involved in current issues, but rather to correct any misconceptions relating to my personal experiences while holding the position of Executive Secretary. Hopefully, this sets the record straight.

Very truly yours, Carol J. Adams

Letter to the Editor

The proposal by members of the Fire Department together with the Building Inspector to build an addition to the fire station with volunteer labor is deserving of much more appreciation and consideration than the rejection out of hand as a "stop gap addition" that it got from the Selectmen.

I believe that the proposal is a do-able solution; and I have no doubt that it was well thought out by this group of tradesmen who, between them have practiced the full range of skills involved in such an addition. Why then did the Selectmen so quickly press the group to bring in a "footprint" of a new fire station to propose at Town Meeting?

What is it going to take to convince these three Lord Bountifuls that we taxpayers have had enough of their eagerness to spend unlimited money?

Congregational Church

MATTAPOISETT

As we journey through life, we are often doubtful of what we see, skeptical of the promises people make. Our relationship to God is no different. We demand proofs, solid evidence of God's presence. The faith we have is often reserved for many secular endeavors, i.e., science, technology, the arts, etc.

Of God and other mysteries of life, it is good to ask the questions. The dilemma, however, revolves around the manner in which we seek and wait for the answers.

The sermon title will be "Can I Have a Transfer?" The worship service at the Mattapoisett Congregational Church begins at 10:00 a.m. All are welcome.

Student Discussion: Israel

On Wednesday, March 21st, at 7:30 p.m., the public is invited to hear high school students talk about Israel. They are here for a few weeks to talk about their culture, education, and, in general, their daily lives in this colorful, if tense, nation.

They will be open to questions about any aspect of Israel, including those pertaining to the present conflict with Palestinians. They may represent a variety of opinions.

The gathering will be held at the Marion Congregational Church Community Center Building on Front Street (behind the General Store). No admission, and all are invited. This program is sponsored by the Congregational Churches of Marion and Mattapoisett.

First year track girl Jen DeSouza, led the way by her times in the 600 and 1000. Her best performances have been 3:02.4 in the 1000 and 145.6 in the State Meet which gave her a fifth place medal. Lori Carreau has placed often in the 50 yard dash with a best of 7.1. Sisters in the hurdles, Shelley Duff and Jen Nightlinger, have done extremely well and have run the Hurdles in 8.4 seconds. Sheryl Briggs has spent most of her running in the 600 with a best of 1.43.7. Casey Gunschel dominated many Mile and 2 Mile races this year. She has run the 2 Mile in 13:02 and the Mile in 5:43. Freshman standout Tiffany Jawor has scored often in the Shot Put and has a best of 29'11". Brenda Haarala has been the all-around runner who has scored often and been the anchor runner of our outstanding Mile Relay team.

The boys have seen four young men with outstanding performances. Mike Morss has controlled the 600 with a time of 1:25.5. Seth Richardson has been winning the 1000 with 2:36.2. Doug Ziewasz has been running the Mile and 2 Mile with times of 4:56 and 10:39, respectively. Mark Greene has thrown the Shot Put 44' 10".

The lecture-demonstration will be held at the Rotch-Jones-Duff House & Garden Museum, 396 County Street, New Bedford.

Mr. Lemmens, who operates an antique dealership out of Halifax, Massachusetts, will provide information on how to determine the authenticity of antique furniture and how to recognize its age. Awareness Hours

The Marion Center Associates Foundation cordially invites the public to a series of awareness hours, to be held on four Saturdays this spring, from 10:00 a.m. to 12:00 noon at Saint Gabriel's Parish Hall, 124 Front Street in Marion.

The first in the series of programs will be held on Saturday, March 31st, and will feature the film "Children of Denial", narrated by Claudia Black. This film describes the powerful, dysfunctional impact of growing up with an alcoholic parent. The film and the discussion afterward will offer hope and open a way to healing, recovery and change.

"A home headed by an alcoholic parent is permeated with denial", comments Arthur Sklut, psychologist with the Marion Center Associates. "Children see one thing: the drinking parent -- but are told another: everything's fine. They learn not to talk about what they see or to share their experiences." Dr. Sklut explains that this shutting down, this denial, can lead to problems with intimacy later in life

"Non-Profit" Challenge

"The Non-Profit Challenge" is the name of a "how-to" symposium sponsored by Plymouth Savings Bank on Wednesday, March 28th, from 8:15 a.m. to 12:30 p.m. at the Plymouth Savings Bank Administrative Offices, 95 Bedford Street, Middleborough.

Subtitled "Marketing Strategies for the 90s", the event will focus on critical topics such as marketing and promotion, press relations, and fundraising, and will feature reputable speakers who are experts in their fields. Aimed at executive directors, key staff, development chairpersons and board members, the 4-hour seminar will bring together a consortium of concerned non-profit groups to learn how to market themselves more effectively and efficiently as a prerequisite for generating income. Multi-Media Services Group, a full-service public relations and advertising agency, is co-sponsoring and organizing the symposium.

"Non-profit organizations face uncertain times in the 90s", says Richard Carroll, Vice President of Marketing for Plymouth Savings Bank. "To survive cutbacks in government funding, and a slowing economy, they must operate more like businesses."

"In many respects, non-profits need to do the same kinds of things that any for-profit enterprise does", says John Miller, President of MultiMedia. He added that these groups can all benefit from the networking process. "It's remarkably helpful to share information with others in your field. We hope this symposium helps in-

"Beyond the Cold War"

SPRING FORUM SERIES
AT KENNEDY LIBRARY

This spring, as the thaw continues in much of the Communist block, the Kennedy Library presents a timely series of public forums entitled "Beyond the Cold War". The series brings together an impressive array of commentators, analysts, scholars, and State Department officials expert in the affairs of the Communist world.

On five evenings in March and April, five different panels will range over many aspects of the dramatic events of the last year in eastern Europe, the Soviet Union, and China. The discussions will place the events in historical perspective, suggest what to look for as developments continue, and trace their implications for the United States.

eye talk
Q. I'm 71 and my eyes are dry and itchy. What can be done about this?
A. Dry eyes are a common complaint as we grow older. The usual cause is a malfunctioning of the tear glands.
Other possible causes include certain diseases; vitamin A deficiency; some drugs such as diuretics used in the control of high blood pressure and heart conditions; or an extremely dry environment.
Symptoms include a scratchy, sandy feeling; itching; burning, mucus secretion; light sensitivity; redness; pain; and sometimes difficulty in moving the eyelids.
If you are experiencing any of these, seek professional help. Bring symptoms to your optometrist's attention before the examination begins so that needed tests can be provided.
If the underlying cause of your dry eyes cannot be corrected, your optometrist may recommend using a liquid tear substitute to bring relief.

Seal Watch

LLOYD CENTER

Ring in the new spring season gliding around Buzzards Bay by boat watching wintering harbor seals lounging around on Pease Ledge and Gull Island off the coast of Cuttyhunk Island. As we make our way across Buzzards Bay on the M/V Alert II there will be plenty of time for bird watching and questions.

After watching the seals playfully basking in the sun, the next stop is Cuttyhunk Island. Lunch will take place at Gosnold Town Hall while you listen to the natural history of the island and seal interpretation. We will learn about the behavior, breeding biology, anatomy and physiology of these wonderful winter visitors. Exploring the Cuttyhunk Island, the westernmost of the Elizabeth Islands, will be next on the agenda which includes Lookout Hill, the highest point on the island.

Join us Saturday, March 24th, for this exciting all-day affair. Sunday, March 25th, will be the rain date for this program. Advanced registration is required, so write or call the Lloyd Center today: Box 7037, 430 Potomska Road, South Dartmouth, MA. 02748; 990-0505.

The expedition is from 9:30 a.m. to 4:00 p.m. and will leave from New Bedford Harbor. The fee is $30 for Lloyd Center members and $40. for non-members. Please bring a lunch and binoculars or a camera so you don't miss a thing.

Seals - Whales - Dolphins

MARINE MAMMAL TWO-WEEK MINICOURSE

You know what seals, dolphins, and whales look like, right? But, have you ever seen any up close and in their natural habitat? Do you know how to identify the various species of these mammals, or know why they make the noises they do? Do you know the difference between a seal and a sea lion? Do you know what breaching and lobtailing are? You can learn all about marine mammals of Buzzards Bay, the northeast as well as other areas including their habitats, behaviors, and history in this minicourse combining classroom knowledge and field experience. You not only learn what mammals can be found in Buzzards Bay, you can witness them in their natural habitat on a Seal Watch with the Lloyd Center.

The minicourse is presented by Bob Caron who runs the Lloyd Center's Seal Watches and is also the staff marine mammalogist. He has been studying and working with marine mammals for well over a decade. He also instructs Biology at Bristol Community College and is President and Researcher of the Plymouth Marine Mammal Research Center.

Since this minicourse is the perfect

From Old Colony

STUDENTS STRIKE GOLD

Three students at Old Colony Regional Vocational Technical High School struck gold at the recent District VICA Skill Olympics held in Harwich. The three students along with twenty other Old Colony winners have qualified for the State Skill Olympics to be held in April.

VICA (Vocational Industrial Clubs of America) is an international organization which allows vocational-technical students to compare their skills at the local, district, state, national, and international level. The District competition involved eight schools and over 600 competitors.

In addition to the three gold medals, Old Colony students collected four silver medals, seven bronze medals, and nine finalist awards. Earlier this year six Old Colony students qualified for State competition in the ancillary areas of extemporaneous speech, job interview, and job skills demonstration. As a result, a total of twenty-nine students will compete at the state level. Last year twenty-eight students qualified.

According to Joseph Tisdelle, V.I.C.A. Co-advisor, "We are very proud of our students' effort in the District competition and we are sure that they will do equally well in the State competition."
